# **ECOMORE 2 PROJECT 3<sup>rd</sup> Steering Committee**

The Steering Committee is the highest level of decision-making within the Project. Its role is to:

- Monitor the progress of the Project towards its objectives, targeted results and identified milestones and indicators
- Discuss and validate the proposals, recommendations and guidelines released by the Project Coordination, Partners, and a Pool of Experts
- Ensure that recommendations issued and validated by the partners are effectively translated into action
- Decide, if necessary, adjustments to the activities program and its original schedule, corrective actions on the methodology
